

Resident Global Health Information Night

FACULTY OF MEDICINE

Tuesday | December 9

6:00 - 8:00 PM

Medical Student & Alumni Centre
2750 Heather Street, Vancouver

Join us for an intimate networking event tailored to the unique needs of resident physicians interested in global health work. You'll meet in small groups with experts from a range of disciplines who've learned through experience what every resident should know before entering the field—practical advice, resources, and stories from the ground to help you be successful and make a real difference.

Light refreshments will be served.
